

EXPANDED SERVICES FOR RPTA MEMBERS

Many years ago, the Recycled Paperboard Technical Association (RPTA) established guidelines for testing food-contact paperboard made from recycled paper. After carefully reviewing laboratories, the RPTA recommended to its members that Columbia Analytical Services, Inc. (CAS) be named the preferred laboratory for the testing. Since that time, CAS has provided services to most RPTA member mills. We have strived to provide the finest technical and customer service possible and consider the program a great success. We would like to introduce to you some of the other services that CAS can offer:
